

'BOUGAL'

LONGLINER - 16 m - 15 m³

Longliner designed for tall pelagic fishing and 0°C fish conservation

- A 15 m³ refrigerated hold
- A 52 km hydraulic line reel
- 14 knots

'BOUGAL'

LONGLINER - 16 m - 15 m³

MAIN CHARACTERISTICS

Length overall	16.5 m
Breadth	4.5 m
Depth on main deck	1.9 m
Fuel oil	7 m ³
Fresh water	1.5 m ³
Crew	5
Speed	14 kn
Tonnage	25 grt
Hull / Superstructure	aluminium

SPECIAL EQUIPMENT

Fishing equipment

Hydraulic line reel	Ø 4 mm - 52 km
Line releaser	

Fish storage

Hold	15 m ³ at 0°C / -1 °C
------	----------------------------------

CLASSIFICATION

MISCELLANEOUS EQUIPMENT

Fresh water system

Reverse osmosis system

Anchoring

Electric windlass

PROPULSION / MACHINERY

Propulsion

Main diesel engine	1 x 331 kW - 1800 rpm
Secondary engine	1 x 10 kW - 2500 rpm
Gearbox	Ratio 3.59/1
Propeller	4 fixed pitch blades - Ø 1200 mm

Machinery

Driven generator main engine	1 x 5 kW
Driven generator second engine	1 x 3 kVA
