

PS 36-205

TUNA PURSE SEINER - 36 m - 205 m³

With over twenty five years experience of building oceanic and Mediterranean tuna fishing vessels, PIRIOU has designed the PS 36-205, a simple, robust and compact tuna seiner, especially developed for coastal fishing.

The PS 36-205 tuna seiner is 36 metres long and can reach the coastal fishing area at a speed of 12 knots with a classic Diesel propulsion. She was designed for fresh fishing and live fishing for farming.

The PIRIOU range tuna seiners are fitted with a full equipment, complying with the highest quality standards and can be customized according to the specifications required by fisheries.

- Sea proven
- Coastal waters
- Cost effective, robust, easy to operate and maintain
- Versatile and customizable according to specifications required by fisheries
